

# Give Today!

As a resident of a Trinity Senior Services Community, you are connected to a caring community and a culture of faith. It is an environment that nurtures body, mind, and spirit, a place where values are translated into loving service and the joyful celebration of God's gifts.

## Giving back to the Community you're apart of

Throughout our lives, we are given many opportunities to give. Trinity Senior Services is one of those places where your gift will matter. We take seriously the responsibility that comes from being a good steward.

Whether you are supporting an annual need, are motivated by an exciting project that will affect the lives of residents like you, or are expressing your gratitude for the care and friendship you receive from our staff, your gift will be used immediately and effectively.

You are invited to continue the Trinity Senior Services tradition of generosity, to be a part of the spirit of giving that has made this such a wonderful place to live.

## Annual Giving Opportunities

### The Annual Appeal

Our annual appeal is sent to residents once a year to ask for generous donations to our organization's area of greatest need. Appeals in recent years have successfully raised funds to support our Everyday Amazing Dementia Care Excellence Program, The Navigator Program, Staff Development programs, and new transportation.

### The Employee Appreciation Fund

Every November, residents are invited to contribute to the Employee Appreciation Fund. This has become an important way for residents to show our staff how much their generous work is appreciated, since they cannot accept tips directly throughout the year.

## Ways to Donate

### Special Projects

We find it important to continue to invest in campus spaces to maintain a vibrant and uplifting places to live and to continue to stand out among our competitors. These are made possible through the charitable gifts of residents, their families and members of the larger community who value our tradition of excellence.

### Leaving a Legacy

We have been blessed by residents and resident family members who make a charitable legacy gift through their estate planning, have decided to donate all or part of their refundable entrance fee back to the community, or through memorial donations in honor of a loved one or friend, or by including Trinity Senior Services as a beneficiary of gifts that might be made in your memory.

### Endowment Giving

You can also create a lasting legacy by contributing to one of our three endowments. Endowments provide a steady, ongoing source of funding for several of our most vital programs. Our endowments include The Franz and Virginia Bidinger Endowment for Fine Arts, The Benevolent Care Endowment, and The Chaplaincy Endowment.

### Cash & Appreciated Securities

Trinity Senior Services accepts many gifts in many forms. Cash and appreciated securities are most often used to make gifts, however, there are also occasions when appreciated property is given as well. Planned gift instruments such as gift annuities, remainder trusts and other more sophisticated vehicles of giving can be used as well. We also accept online donations on our Trinity Senior Services website.
