

MORE FOOD. MORE SEASONS.

Increased production capacity

- Higher quality + increased yields of storage crops
- Expanded cut flower production + drying space
- Fresh herbs year round + increased dried herb production
- **Greenhouse supports:**

Early germination

Longer growing season

Year-round greens

A PLACE TO CONNECT

Resident Engagement

- More accessible growing spaces = more resident participation
- Raised beds for hands-on gardening without bending
- New gathering point for:
Tours, Workshops, Garden Club field trips
- Intergenerational growing experiences
- Volunteer Thursdays + annual prayer service
- **Expanded resident composting:**

SMARTER OPERATIONS

Operational Improvements

- Dedicated wash-and-pack facility
- Improved workflow + systems management
- Less movement waste + better inventory flow
- Year-round growing capability
- Increased profitability, quality, and efficiency

200,000+ lbs
moved over 10 years

Every improvement reduces touches
and protects quality.

BUILT FOR WHAT'S NEXT

Future Growth

- Better environment to recruit and retain team members
- Support for farm crew, volunteers, delivery drivers, culinary teams, and dietitians
- Expanded nutrition + wellness programming
- Volunteer hub and gathering space
- **Farmstand growth:**

Local meat

Grains

Seedlings

Partner products

This space helps us nourish lives and honor the earth—
one harvest at a time.

Residents + Volunteers

Year-Round Growing

**Expanded Production
Capacity**
